STYLE MY SUITE

If you desire to have your suite or private residence set-up without lifting a finger this add-on is for you. All dresses of the bridesmaids, flower girl(s), mother of bride, mother of groom, and of the bride will be steamed onsite. Dresses will be stylishly propped, ready for the photographer to take the detailed photos. Bridal party gifts, rings, invitation, stationery, and other items that are important to be photographed, will also be propped for the photographer to take detail photos of the items. This will allow the cinematographer to focus on photographing the bridal party, bride, and family, rather than setting up the items. This add-on is perfect for the bride who wants to sit back, and enjoy getting dolled up, taking photos with her friends and family, and soaking in every minute of her wedding day.

SEATING CHART SOS

Seating arrangements can be one of the most stressful tasks of a wedding. With this add-on you will receive aid for your seating arrangement through our Guest Management program. A 3D floor plan will be provided to you based off of your venues layout. With your floor plan you can easily arranging your guests by group indicators such as, co-workers, family, friends, wedding party, and family friends. The 3D floor plan helps you visualize which guests are seating closest to you. You also can easily keep track of of your RSVPs, and other notes such as dietary restrictions and meal preferences.

SET-UP & BREAKDOWN

Perfect for the DIY couple, Mara Events will set-up any personal decorations for your wedding. We know there are many DIY couples and sometimes those couples need an extra hand with setting up their décor; because let's be real, your not going to set up your decorations yourself on your own wedding day. And you may not even want to have a sibling, bridesmaid, maid of honor, friend, or parent do that for you! You just want them to enjoy the day as well. You will receive pick up, set-up, and breakdown of your décor. Anything ranging from DIY centerpieces, guest sign in book, seating chart, favors, you name it, we'll set it up. And when your wedding day is over we will breakdown your décor and leave them with an appointed person to take them home for you.

BEFORE THE WEDDING CONSULTATION

Sometimes you think that you've crossed your T's and dotted your I's. But as you get closer to your wedding day you realize how many little details you've missed. Now you're in panic because not only do you have your wedding day right around the corner, but you may also have work, college, moving, and just not enough time. This add-on will provide you with consultation and aid with those details that you've missed. Consultation calls will occur once a week for every week, beginning two months prior to your wedding day. Services of customizing, ordering, or providing will incur additional costs based on the items.
